Events Roundup

Startup Investor Connect Program

The Startup Investor Connect Program connected startups with leading investors like Mr. Bhavish Sood (Modular Capital), Mr. Manish Johari (Maple Capital Advisors), and Ms. Nitika Mishra Khurana (Chandigarh Angels Network), who shared insights on venture capital, entrepreneurship, and funding strategies.

More than 20 startups participated in the event in which 10 startups pitched for funding.

Highlights included pitching sessions, personalized feedback from investors, and round table meetup with investors in which the startups discussed their ideas with the investors in detail.

The program empowered startups with valuable knowledge and networking opportunities to navigate the startup ecosystem successfully.

Capacity Building Program On Business Models for Sustainable Incubators

The Chitkara Innovation Incubator Foundation hosted an insightful session on “Business Models for Sustainable Incubators” on September 10, 2024, featuring Dr. Alok Nikhil Jha, Head of Development, Innovation & Resources at IIIT Delhi. The event brought together startup incubators to discuss strategies for long-term sustainability through financial stability, robust governance, and adaptability to changing market conditions.

The session proved highly beneficial, offering participants practical insights and actionable approaches to navigate the evolving landscape of incubator management.

Events Roundup

Emergence'25 event provided a platform to early-stage innovators & budding entrepreneurs to connect with mentors & investors and seek input & feedback on their ideas with constructive suggestions on improving them.

Mr. Ganesh Krishnan, Serial Entrepreneur;
Promoter BigBasket, BlueStone, HomeLane,
Portea Medical

Mr. Mahavir Pratap Sharma, TiE India Angels
and Rajasthan Angel Innovators Network

Mr. Shashank Randev, Randev Ventures & 247VC

Mr. Anjani Bansal, Global Brain Venture Capital

Mr. Emmanuel Murrory, Caspian Impact Investments

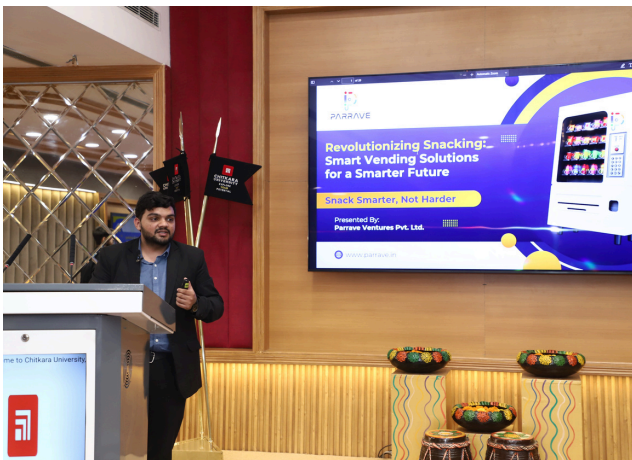

Investors with Chitkara University Team

Renowned startup ecosystem experts like Mr. Mahavir Pratap Sharma (TiE India Angels), Mr. Ganesh Krishnan (Growthstory.in), Ms. Shashank Randev (Randev Ventures), Mr. Anjani Bansal (Global Brain VC), and Mr. Emmanuel Murray (Caspian) shared valuable insights on building, funding, and scaling startups.

The sessions emphasized timing, strong teams, and problem-solving as key success drivers, while also guiding founders on investor alignment, storytelling, and exploring diverse funding avenues like loans, grants, and impact investments.

Events Roundup

Investor Connect Program

The startups presented their novel innovations and ideas to investors for their feedback on business models, revenue strategies, and investment potential. They also sought interest in funding and mentorship. Ten startups pitched — including Areno (AI-driven fitness tracking platform), Arkgeniq Uniify (AI-powered employee experience tool), Neowinn (clean nutrition for preterm infants), Nadium Energy (sodium-ion battery backup), GatixDrive (high-efficiency SSPM motors), Carewell360 (AI-enabled women's health platform), Parrave (IoT smart vending machines), DICE/Prephelp (personalized academic and placement support), and Homy (AI interior design platform) — out of which seven received investor interest for further discussions on funding support.

The event served as a catalyst for connecting high-potential startups with strategic investors. It also fostered valuable conversations around product-market fit, scale-up readiness, and collaborative growth.

CIIF @ External Forums

Pravaah
