

ACKNOWLEDGEMENT

*"Don't sit down and wait for the opportunities to come. Get up and make them."
- Madam C. J. Walker*

As a team, Chitkara University has contributed immensely towards the cause of a Sustainable Environment, towards taking the Society along, towards the welfare of the stakeholders and much more and this report would give the details of all those activities. But this would not have been possible without the vision and dreams of our Honourable Chancellor, **Dr. Ashok K Chitkara**, and Revered Pro Chancellor, **Dr. Madhu Chitkara**, who, every day, encouraged each of their team members, to embrace every opportunity and to create as many opportunities as possible to give back to the society. We can only say *“thank you Sir and Ma’am* for showing us, that we are all here for a noble cause, and even in that cause, we have so many responsibilities which we need to do with a passion”!!

Preparing this report was indeed an assignment that gave us an insight of the tremendous efforts put in by all our colleges, schools and departments to make sure that contributions are made towards achieving the UN SDGs. We would like to express our heartfelt gratitude to all those who have contributed in different ways for undertaking activities and missions that help contribute towards the SDG (Sustainable Development Goals). These activities, aimed at furthering sustainability and responsible growth, have been a collaborative effort involving dedicated guidance, unwavering support, and tireless work from all involved.
